Sir,

I submit, herewith, two plans and a valuation statement relating to the bungalow proposed for acquisition. ff.9-10 infra The total cost of the building with outhouses, electric fittings, etc. including the value of land is assessed at Rs.15,540/-. vide f.1 infra The main building is reported to be in good condition but some minor repairs such as plastering of ceiling, renewal of Bengal terrace, white-washing, etc. require to be attended to. The outhouses are reported to be badly in repairs. The total cost of repairs is estimated to cost about Rs.3000/- to Rs.4000/-. At the suggestion of the Executive Engineer the question of constructing a new bungalow

8

may be examined. For an officer of the grade of the Superintendent of the Wellesley Sanatorium Jail, Bellary a new quarters can be constructed at a cost of about Rs.8700/-. The present value of the bungalow proposed to be acquired viz. Rs.15,540/- is arrived at after allowing for depreciation for 70 years which is estimated to be the age of the building. In view of the fact that the life of a new bungalow would be much longer though the accommodation would be much less, I am inclined to agree with the Executive Engineer and recommend that a new bungalow may be constructed for the Superintendent.

Copy of letter No.146 dated 21-9-37 from the Supervisor, P.W.D.Bellary to the Sub-Divisional Officer, P.W.D.Bellary.

Sub:- Bungalow No.25 - Cantonment - Bellary - acquisition of.

Ref:- Sub-Division No.1884 E. dated 7-8-37, 2064 E. of 26-8-37 and reminder dated 15-9-37.

The above reference is herewith resubmitted, with a plan of the main building and a site survey.

The cost per square foot at plinth area rate as per current schedule of rate works out to Rs.4-8-0 per square foot for the X-Ray block in the Wellesley Sanatorium Jail, recently complete as per details below:-

Total plinth area .. 1771 s.ft.

Estimated cost less dadoo tiling and Paripan.

Painting Rs.10580/- 2604 = Rs.7976.

Therefore rate per square foot = $\frac{7976}{1771}$ = Rs.4-8-0

The Plinth area of Bungalow No.25 main building is 7466 s. and at Rs.4-8-0 per sq.ft. = Rs.33,597/-.

Out-houses 3118 @ Rs.2-4-0 per s.ft. (half the rate for out-houses) = Rs.7016/-.

The age of the building as ascertained is 70 years. Depreciation @ 1½%, being partly stone in mud and in stone in mortar. Hence the cost of the main building less depreciation

$$= 33,597 \left(1 - \frac{1\frac{1}{2}}{100}\right)^{70} = 11,670/-.$$

The cost of the out-houses less depreciation is

$$7016\left(1 - \frac{1\frac{1}{2}}{100}\right)^{70} = \text{Rs.}2437/-.$$

Therefore the total cost of main building and out-houses

= 11,670 + 2437 = Rs.~~14,207~~ 14107/-.

Compound wall .. ..Rs.500/-.

Electrical instllations .. Rs1000/-

Total .. .. ..Rs.~~15,707~~ 15607/- or ~~15,700~~ 15600/-.

Total cost of main building and outhouses is Rs.~~15,700~~ 15600/-.

Land 1 acre Rs.35/- as per rate prevailing in the locality.

The value of the building was already estimated as Rs.15540/- vide Sub-Division No.1527 E. dated 7-11-34 to the Executive Engineer, Bellary Division in connection with taking the build

building for lease. Hence the estimated value of the building and out-houses may be taken as Rs.15,540/- as already estimated for.

Condition:-

The main building is in good condition except the following minor repairs to be attended to (1) Plastering the ceiling wherever worn out, (2) Renewal of Bengal terrace in x rear verandah, (3) white-washing and patch plastering and pointing wherever necessary. (4) Painting roof timbers exposed and inside, doors and windows, wherever necessary.

Out-houses:- Repairs to the leaks in roof, white-washing and patch plastering, painting roof timbers, doors and windows.

Copy submitted to the Superintending Engineer in charge of Bellary Division for favour of information and necessary action with reference to Divisional Nos.1371 J. dated 5-8-37, 3054 S. dated 24-8-37 and 3416 S. dated 25-9-37. The total cost of the building with out-houses, electric fittings etc., including the value of land may be taken as Rs.15,540/- as already reported in this office No.1527 E. dated 7-11-34. Plans B. No.126/35, and B.126 A/35 showing the site and ground, and plan of the main building are enclosed.

The top of terrace roof of the main building and Porch require repairs as there is not sufficient slopeto drain away the rain water. The out-houses are in a rather neglected condition and require thorough repairs including the renewal of rotten timbers etc. These and other ordinary repairs such as painting, wood-oiling etc., may cost about Rs.3000/- to Rs.4000/-.

On the whole the building is in a fair condition and is situated close to the Wellesley Sanatorium Jail and its acquisition may therefore, be considered as the landlord seems to be willing to part with the building if a reasonable amount is realized.

Sir,

The Executive Engineer, Bellary reports that there are no suitable bungalows which can be acquired for use as quarters for the Superintendent, Wellesley Sanatorium Jail,Bellary. All the bungalows in the cantonment area are very old, requiring elaborate repairs and improvements after acquisition. He therefore suggests the construction of a new bungalow near the Jail. I agree with him and request orders of Government if I may submit plan and estimate for the construction of a new residence for the Superintendent.

On the 26th of November, I visited the Wellesley Sanatorium Jail. The object of my visit was not to make a full inspection. I went to Bellary for another purpose and I took the opportunity of walking round the jail with the object of familiarising myself with the main features.

2 The building is not quite complete and there is work still going on in some of the out-houses. On the whole they appear to be satisfactory and in good order.

4 The Superintendent is the medical officer and has had no previous experience of Jails. He has two medical assistants one of whom is in charge of X-ray work. The latter was inclined to complain that although he was an X-ray officer in charge of the X-ray apparatus there, that had only been made a part-time job while in some other places it was a whole-time job. He received no sympathy. He deserves none. Whatever the corresponding post may be in other institutions, X-ray work at this Sanatorium certainly does not constitute a whole-time job.

5 I have of course no criticism of any sort to offer in regard to the actual X-ray work that is being done and the officer concerned seemed quite keen ~~over~~ on it.

6 Jail discipline appeared to be rather slack in that a certain number of convicts who, being convalescents, were supposed to be working, seemed chiefly to be sitting about the compound.

7 The Superintendent brought to my notice the fact that considerable inconvenience arose from the fact that he lived a mile away from the sanatorium and was also in medical charge of the Central Jail, a couple of miles away. He gets a special allowance for the latter. He also gets a house rent allowance. There are a few bungalows in the neighbourhood of the Jail and it certainly seems to me desirable that he should live on the spot. Granting him a house rent allowance in lieu of quarters does not compensate for the ~~and there is~~ waste of time involved in getting backwards and forwards and it appears to me desirable that quarters should be built for him on the spot if this is practicable. [Any previous decision on this point may be looked up.]

Please see the Secretary's note of inspection of the Wellesley Sanatorium Jail, Bellary on ffs 1-2 ante.

There are no residential quarters for the Supt of the Wellesley Sanatorium Jail. The officer is paid a house rent allowance of Rs 50/- a month. The jail ~~dispy~~ was opened in 1929. The question of constructing quarters for the Superintendent has not been considered by the Govt till now and no proposals have been submitted by the DG. It is only but a copy of paras 6 and 7 of the note of inspection may be sent to the DG and he may be asked to examine and report on the need for the construction of residential quarters for the Supt. Please see para 7 of the Secretary's note on page 2 ante and the I.G's letters on pages 3 and 7-8 C.F. The Superintendent of the Wellesley Sanatorium Jail, Bellary is not provided with Govt. quarters. He is entitled to rent free quarters and is paid Rs 50/- a month as house rent allowance. With reference to the Secretary's suggestion that quarters should be built for this officer, the I.G. was asked to submit a report. The I.G. (Mr. Rutherford) was of the opinion that a suitable bungalow might be acquired. The present I.G. (Lieut-Col. Contractor) reports that the total cost of the building proposed for acquisition is assessed at Rs 15,540/- and that repairs will have to be made at a cost of about Rs 3,000 to Rs 4,000. Thus the provision of quarters to the Supt according to the proposal will entail an expenditure of about Rs 20,000. The building is reported to be about 40 years old. It is reported that new quarters for an officer of the grade of the Supt of the Wellesley Sanatorium Jail, Bellary, can be constructed at a cost of about Rs 8,700/- and the I.G. prefers the construction of a new building to the acquisition of an old building

The D.G. reports that there are no suitable buildings which can be acquired for use as quarters for the Supt of the Wellesley Sanatorium Jail, Bellary, as all the bungalows in the cantonment area are very old, ~~and will~~ requiring elaborate repairs and improvements. The D.G. proposes, on the suggestion of the Executive Engineer, Bellary, the construction of a new bungalow near the Jail. In his previous letter the D.G. had reported that new quarters for the Supt of the Jail could be constructed at a cost of about Rs8400/- As no suitable buildings are reported to be available, it is for orders whether the D.G's proposal for the construction of new quarters may be approved, and whether he may be asked to submit plans and estimates. The average pay of the Superintendent of the Wellesley Sanatorium Jail is Rs 353 in the scales of pay introduced in 1933 and Rs 304 in the latest scales of pay. The I.G. states that quarters can be constructed for officers of the Supdt's status at a cost of about Rs 8700/- The Supdt is a gazetted officer. For class IV officers (the last grade of gazetted officers) the Govt have approved an alternative type design for quarters - Vide G.O. No. 1272 PW. dt 30.6.37. The cost of this design is Rs 14,000. Hence the I.G. need not object to the construction of quarters at a cost of Rs 8700 for the Supdt. if provision of new quarters is agreed to by Finance.

x (Y) (Z) pp 22-27 c.f.

The I.G of Prisons has submitted the necessary plans and estimates for the construction of quarters for the Superintendent of the Wellesley Sanatorium Jail, Bellary, called for in the memo on page 14 c.f. The proposal of the I.G was to construct quarters for the Superintendent at a cost of about Rs.8,700. The idea was to carry out the construction as a minor work. The detailed estimates now submitted by the I.G amount to Rs.11,150 including the expenditure on electric fittings etc. which exceeds the limit (of Rs.10,000) for minor works. The main items in the estimates are as follows:

p.8 c.f.

Vide Fin-note on p.14 ante
pp22-27 c.f.

Particulars	Estimated cost Rs.
(1) Construction of quarters (only)	8,200
(2) Electric fittings ...	1,100
(3) Construction of a motor garage (single) attached to the proposed quarters ...	1,150
(4) Provision of barbed wire fencing to the proposed quarters ...	700
	11,150

pp22-24 c.f
p.24 c.f.
p.27 c.f.
p.26 c.f

It appears from the site plan at (Y) that the proposed quarters are to be located very close to the jail. The construction of quarters alone costs only Rs.8,200 while the construction of items 2 & 4 above costs as much as about Rs.3,000.

In this connection it may be noted that the Supdt. is being paid a house rent allowance of Rs.50 per mensem. The outlay on the proposed quarters (according to the I.G's present estimates) will be Rs.11,150 and interest on this amount at 4% per annum works out only to Rs.446 per year as against the present annual expenditure of Rs.600 on house rent allowance.

The I.G of Prisons proposes that the work may be treated as a Part II scheme for 1939-40 as it exceeds Rs.10,000 (limit for minor works). As regards the necessity for the construction of quarters, please see para 7 of Mr. Hood's inspection note on page 2 ante. | p.18 c.f

It is for orders whether the estimates amounting to Rs.11,150 submitted by the I.G. may be approved and the work considered as a Part II scheme for 1939-40; | pp 22-27 c.f.

or

whether the construction of items 3 and 4 may be held over for the present so as to enable the work being executed as a minor work--vide Finance Department note on page 14 ante. | Vide p. 16 c.f.

Allowing for the time likely to be taken up by preliminaries, a provision of Rs 5,000 may be proposed for the first year.

3. With reference to F.R. 45-A III (b), six per cent on the capital outlay (4% for interest and 2% for maintenance and repairs) according to the present estimate amounts to Rs.669. To this will have to be added the municipal tax. All this will be more than the amount of H.R. allowance (viz. Rs.600 at Rs.50 p.m.) now paid to the Superintendent. On this account and for the reason that it is unlikely that any large amount will be available for Part II schemes for 1939-40, it is for consideration whether this department may suggest that the proposal may be dropped.
